Experience unparalleled longevity in every puff with the Drip'n EVO 10K

This high (19mL) capacity e-liquid device leverages a high-quality sequential dual mesh coil and adjustable airflow to deliver consistent Drip'n performance. The EVO 10K utilizes a highly efficient alternating dual-coil that switches as it fires, maximizing longevity and flavour taste from the first puff to the last. Experience the enhanced Drip'n box-style, complete with a battery and e-liquid level indicator to extend your vaping experience.

The Drip'n EVO 10K - Drip'n **consistency**, unparalleled **longevity**.
